Interested in more clinical tools? Nominate a topic area

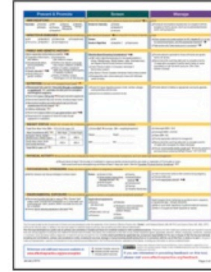

CEP is inviting you to nominate topic areas for future clinical tools, designed to support primary care.

As part of the [Knowledge Translation in Primary Care Initiative](#), topic areas for the 2015/2016 fiscal year have now been identified, which include:

- How to Address Poverty in Primary Care
- Childhood Obesity
- Chronic Non-Cancer Pain
- Adult Mental Health and Addictions
- Care of the Elderly

[Nominate a 2016/2016 topic area here!](#)

More information about the topic selection process is [available here](#).

Using our Preconception Health Care Tool? We'd love to hear about it!

[Tell us how you've used the tool in your clinical practice.](#)
